

Curios! Curios!!

The most complete presents to send away to friends are Hawaiian curios. We have a large list of all sizes and prices and Hawaiian jewelry.

WOMAN'S EXCHANGE

Why Our Hams and Bacon Are So Good

Because we get the best Eastern hams and bacon to start with, what is most important, we re-smoke them fresh every other day. That gives them the rich, juicy flavor you always find in those we sell. Unless the meat is thus treated you will find it dry and unpalatable. Try a small order and you'll see what we mean.

INSPECTORS READY FOR BUSINESS

SECURED OFFICE IN STANGENWOLD BUILDING AND BEGAN WORK THIS MORNING.

The Federal inspectors of hulls and boilers completed their work about 11 a. m. and returned yesterday morning on the steamer Claudine from Kaimuki. They opened their local offices this morning and will be in Honolulu during the remainder of their stay in the islands. The offices are located at rooms 595 and 597 Stangenwold building.

No application has as yet been made to the inspectors to inspect the various vessels in the island trade but application will of course, be made as soon as the various companies can arrange about getting the vessels ready. This is a very busy time now in the island steamship trade and as time is money, the managers of the two companies naturally are arranging to have the vessels get the inspection so as not to interfere with the operations.

There is no compulsory examination of engineers or navigators this year. The licenses which were issued the first of the inspectors in 1901 do not expire until next year so there is no occasion for anybody holding a five year license to worry about losing their means of livelihood, so far as the inspectors are concerned. There will no doubt be men in the engineering and navigating departments to take examination for increased rating, but thus far there has been no rush to the office of the inspectors. The inspectors will keep open the office from 9 a. m. until 4 p. m. every day with the noon hour for lunch and on Saturdays will close the office at noon.

ST. CLEMENT DEBT IS REDUCED

A DONOR WHO DOES NOT WISH HER NAME ANNOUNCED HAS GIVEN \$500 FOR THE PURPOSE.

St. Clement's Parish Leaflet in its latest issue makes the following announcement: A very warm friend of Clement's church who does not wish her name to be known has sent the Rector a draft for \$500 to be applied in reducing the principal debt on this church property. How graceful and refreshing in our need and how liberal. Love does not count the cost "neither will I offer unto the Lord of that which costs me nothing." The principal debt upon our property with the \$500 above mentioned applied is \$7,600.

JURORS GIVE BAKER DAMAGES

SUPERINTENDENT ATKINSON AND HIGH SHERIFF BROWN LOSE THE FIRST ROUND.

Word has been received from Kaimuki that the jury in the case which David Baker brought against Superintendent of Public Instruction Atkinson, ex-High Sheriff Brown, L. A. Andrews sheriff of Hawaii and a native deputy sheriff decided in favor of the plaintiff in Judge Matthewsman's court there damages of \$2500 were given against the Superintendent, \$500 against the former High Sheriff and the others were mulcted in \$1 each. The suit was one for alleged malicious injury to property. Baker and his wife each claimed \$10,000.

During the last vacation Baker moved into the school house at Alae, South Kona, claimed that it was built on land owned by him. They refused to move out even though the government officers claimed to have a lease of the land. The Bakers were finally removed by force under the advice of the Attorney General's department and the action for damages resulted.

C. W. Ashford fought for the prosecution, A. M. Brown appearing for himself, J. W. Cathcart for Superintendent Atkinson.

Appeal will be entered at once.

DR. ATKINSON HONORED.

A. T. Atkinson, Superintendent of Public Instruction, has received word of and invitations to the installation of President Fred W. Atkinson Ph. D. as the head of the Polytechnic Institute of Brooklyn N. Y. Dr. Atkinson is no relative of the Superintendent's but the namesakes met when the doctor was on his way out to the Philippines to organize the school system there. He spent some time here and visited all the educational institutions.

NO TENDERS SUBMITTED.

The advertising for tenders for material for the Waikuku fire department by the Department of Public Works proved unfruitful as no tenders were entered. The matter will be advertised again if it is not decided to buy the equipment at private sale.

NEW BONDS WERE SIGNED.

The work of signing the bonds for the new million dollar Hawaiian loan was completed on Saturday by Treasurer Campbell and Registrar Hapai. It is just possible that a change will be made in the date for shipping the bonds east as the government is not anxious to give the hold up men a chance to get a rich haul.

SAILING OF NEBRASKAN.

Wireless advices received this afternoon from Kaimuki are to the effect that the S. S. Nebraskan would probably get away for San Francisco Tuesday night.

FINDS ANCESTRY FOR THE INDIAN

PROFESSOR STARR OF UNIVERSITY OF CHICAGO HAS MADE SOME DISCOVERIES IN MEXICO.

CHICAGO, January 7.—Lo, the poor Indian! The blissful mystery of his genealogy will soon be uncovered. In addition to the endless list of crimes charged to him in the past, he will have to answer for an ancestry. He has one, and it has been discovered by Professor Frederick Starr of the anthropology department of the University of Chicago.

While in Mexico the blight that is about to be visited upon the red man was confirmed by an ancient Aztec manuscript that is yellow with age. Professor Starr returned from Mexico today, and the full purport of his find will not be known for a few days. The professor has a "hunch" (not a scientific term) that he has a good thing, but not until he has fully interpreted his pictures and legend will he be able to announce definitely what the world has waited 400 years to know, namely, the truth of the origin of the Indian.

The Aztec "legend book" is pronounced the only document in the world containing an accurate history and legends of the Aztecs, and which the professor believes will give in full the history of the American Indian.

NO DOUBT ABOUT PARKER.

There seems to be some lingering doubt about the retirement of David B. Hall from politics, although there is none whatever about Judge Parker.

S. M. Damon and L. J. McCandless have not resigned from the directorate of the company.
